

## Event Note

# The Russia Cross Industry Logistics Initiative Focus Workshop: "Customs Day"

Tuesday **23 June 2009** 10 am to 5 pm in **Frankfurt am Main**

**Max. 16 participants**

## Our Objective – Your Benefit

Russia still is one of the fastest growing export markets for German companies. But customs as well as logistics infrastructure are proving to be an increasingly difficult hurdle to successful and efficient supply chain operations.

Complex and bureaucratic customs operations cause unexpected delays and costs even for Russian companies. The insistence on over accurate weights is only one of the traps that companies suffer from.

### Your benefit:

- **Practical experience**  
Improve know how about Russian customs
- **Tackling hot issues**  
Discuss hot issues with customs experts
- **Networking**  
Maintain resp. extend your business network

## Agenda

Prior to meeting: Collection / specification of hot issues, so speakers will relate directly to topics

- **"Understand Russian customs system. Practical tips to avoid most common pitfalls."**  
*Russian customs officer*
- **"Effective use of customs brokers. Typical documentation issues and how to prevent."**  
*Russian customs broker*
- **"Russian customs procedures in the day by day business"**  
*Responsible for Russian customs clearing in big company*
- Interactive work sessions with Russian customs experts
  - Q+A-Session
  - Hot issues and exchange of experiences
- Wrap up and lessons learned
